

## CIRRO E-Commerce

CIRRO E-Commerce focuses on both domestic and cross-border e-commerce logistics services. Our significant strengths include extensive sortation capabilities, a robust transportation network, local teams of industry experts, and a physical footprint in over 30 countries around the world, including the US, Australia, the UK, and the EU.

## CIRRO E-Commerce Europe

CIRRO E-Commerce has physical presence in Europe with 15 self-operated logistics hubs and local know-how's. The pan-EU logistics service covers more than 30 European countries. We also offer returns services and ex-EU shipping solutions such as export to the US, the UK, and beyond.
